

EVSC 2010 Formulary

Tier 1 (Lowest copayment) – Drugs offering the greatest value within a therapeutic class. Some of these medications are generic equivalents of brand-name drugs.

Tier 2 (Medium copayment) – Drugs on this tier are generally the more affordable brand-name drugs. Other drugs are on this tier because they are “preferred” within their therapeutic classes, based on clinical effectiveness and value.

Tier 3 (Highest copayment) – These are higher cost brand-name drugs. Some Tier 3 drugs may have generics and equivalents in Tier 1. In addition, some drugs on this tier may have been evaluated to be less cost-effective than equivalent drugs on lower tiers.

Key

PA=PRIOR AUTHORIZATION REQUIRED. Prior authorization is the process of obtaining approval of benefits before certain prescriptions may be filled.

QL=QUANTITY LIMITS. Certain prescription drugs have specific quantity limits per prescription or per month.

ST=STEP THERAPY REQUIRED. You may need to use one medication before benefits for the use of another medication can be authorized. Please note: Foradil and Serevent are safety edits that prevent duplication of therapy.

DO=DOSE OPTIMIZATION REQUIRED. Normally involves the conversion from twice-daily dosing to a once-daily dosing schedule.

IF=Infertility treatment must be obtained from either Freedom Fertility Pharmacy www.freedomdrug.com, 800-660-4283 or Schrafts/Walgreens Specialty Pharmacy www.walgreensspecialtyrx.com/infertility, 800 876-4545.

The member will pay for their medication through the pharmacy and submit claims for reimbursement of the health plan's portion to Welborn Health Plans, 101 S.E. Third Street, Evansville, IN 47708. The turnaround time for reimbursement is approximately 2 weeks.

Infertility drugs require Prior Authorization which the member or physician may obtain by calling 877-447-8744 and asking for the Pharmacy Department.

* These drugs must be obtained from Specialty pharmacy Bioscrip www.bioscrip.com, 877 842-5097

^ This product has clinically equivalent alternatives included on the formulary and, as a consequence, such product may not be covered under your pharmacy benefit.
