Section 1 – Introduction

This directory provides a list of Welborn HMO Senior Advantage, Welborn HMO Senior Advantage “Plus” and Welborn Health Plans Cost plan providers. It also includes basic information about how to get your covered services with Welborn Health Plans. To get more detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers that are listed in this directory to be your **Primary Care Physician (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from you PCP.

The “plan providers” listed in this directory have agreed to provide you with your health care coverage. In most cases, your health care coverage is covered under Welborn Health Plans. You may go to any of our plan providers listed in this directory; however some services may require a referral. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

What is the service area for Welborn Health Plans?

The counties in our service area are listed below.

****Gibson:** Fort Branch, Francisco, Haubstadt, Hazelton, Mackey, Princeton, Oakland City, Owensville, Patoka, Somerville

***Knox:** Bicknell, Vincennes

***Perry:** Cannelton, Tell City, Troy

***Pike:** Petersburg, Spurgeon, Winslow

****Posey:** Cynthiana, Griffin, New Harmony, Mount Vernon, Poseyville

How do you find Welborn Health Plans providers in your area?

Primary Care Physicians (PCP) are listed by Family Practice and Internal Medicine then broken down by county. You may choose a PCP that is in the city/town within the county that you reside in.

You can also visit www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265. For the hearing impaired, please call Indiana Relay at 800.743.3333.

What if you use non-plan providers to get covered services?

“Non-plan providers” are providers that are not part of Welborn Health Plans. If you use non-plan providers you may have to pay more.

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage “Plus” Members: Care or services you get from non-plan providers will not be covered, except for ambulance services, emergency care, including post-stabilization care, urgently needed care, renal dialysis (kidney), and any services which were ordered covered through an appeals process.

Welborn Health Plans’ Cost Plan Members: You may use non-plan providers. However, if you use non-plan providers for care that is not emergency care, including post-stabilization care, urgently needed care, or renal dialysis (kidney), you will have to pay the Original Medicare Plan out-of-pocket costs (such as a co-payment, coinsurance, or deductible).

What should you do if you have bills from non-plan providers that you think should be paid by Welborn Health Plans?

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage “Plus” Members: We cover certain health care services that you get from non-plan providers. These include care for a medical emergency, urgently needed care, renal dialysis (kidney) that you get when you are outside the plan’s service area, care that has been approved in advance by Welborn Health Plans, and any services which were ordered covered through an appeals process. If a non-plan provider asks you to pay for covered services you get in these situations, please contact us at www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333. You should never pay any non-plan provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

Welborn Health Plans’ Cost Plan Members: We cover certain health care services that you get from non-plan providers. These include care for a medical emergency, including post-stabilization care, urgently needed care when you are temporarily out of the service area, medically necessary renal dialysis (kidney), care that has been approved in advance by Welborn Health Plans, and any services which were ordered covered through an appeal process. If a non-plan provider asks you to pay for covered services you get in these situations, please contact us at www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333. You should never pay any non-plan provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay. We may require the non-plan provider to bill the Original Medicare Plan for the services you got. We will then pay your Medicare out-of-pocket costs, such as coinsurance and deductibles. You will have to pay your co-payments.

Getting care when traveling or away from the plan's service area

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage "Plus" Members: If you need care when you are outside the service area, your health care coverage is limited. The only services we cover when you are outside our service area are care for a medical emergency, including post-stabilization care, urgently needed care, renal dialysis (kidney), and care that Welborn Health Plans has approved in advance. For more information about medical emergency and urgently needed care, see Section 6. If you have questioned whether a service is covered when you travel, please call Member Services at 812.426.6600 or 800.521.0265. For the hearing impaired, please call Indiana Relay at 800.743.3333.

Welborn Health Plans' Cost Plan Members: If you need care when you are outside the service area, your health care coverage is limited. The only services we cover when you are outside our service area are care for a medical emergency, including post-stabilization care, urgently needed care, renal dialysis (kidney), and care that Welborn Health Plans has approved in advance.

Remember, you can get care from non-plan providers. However, if you use non-plan providers for care that is not emergency care or urgently needed care, you will have to pay more. You will have to pay the Original Medicare Plan out-of-pocket costs, such as coinsurance, co-payments, and deductibles. For more information about medical emergency and urgently needed care, see Section 6. If you have questioned whether a service is covered when you travel, please call Member Services at 812.426.6600 or 800.521.0265. For the hearing impaired, please call Indiana Relay at 800.743.3333.

Can the list of plan providers change?

Yes, Welborn Health Plans may add or remove plan providers from our provider directory. To get current information about Welborn Health Plans plan providers in your area, you can visit www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265, 7 days a week from 8:00am – 8:00pm CST. For the hearing impaired, please call Indiana Relay at 800.743.3333.

Your rights to access and participate in medical care

You have the right to get timely access to plan providers and to all services covered by the plan. Timely access means that you can get appointments and services within a reasonable period of time. You have the right to get full information from your providers when you go for medical care. You have the right to participate fully in decisions about your health care. You have the right to refuse care

Section 2 – Choosing your Primary Care Physician (PCP)

What is a "PCP"?

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage "Plus" Members: When you become a member of Welborn Health Plans, you must choose a plan provider to be your PCP. Your PCP can be a physician of a Family Practice, Internal Medicine or General Practice who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you can see any other health care provider.

Welborn Health Plans' Cost Plan Members: When you become a member of Welborn Health Plans, you must choose a plan provider to be your PCP. Your PCP can be a physician of a Family Practice, Internal Medicine or General Practice who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you can see any other health care provider.

Medicare will pay for any Medicare covered services that you get from a non-plan provider even if you don't have prior authorization from us. However, with the exception of emergency care or urgently needed care, your deductibles and other out-of-pocket costs will be the amounts charged by the Original Medicare Plan rather than the amounts charged by Welborn Health Plans.

How do you choose a PCP?

Welborn Health Plans has formed a network of PCPs which include physicians in Family Practice, Internal Medicine and General Practice in each of our Medicare counties plus additional counties. You can choose a PCP by using Welborn Health Plans' provider directory. PCPs are the first providers listed in the directory

Getting care from your PCP

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage "Plus" Members: Generally, you see your PCP first for most of your routine health care needs. There are only a few types of covered services you can get on your own, without seeing your PCP first. Please see [Section 4](#) for the type of covered services you can get on your own that is without seeing your PCP first for a referral.

Your PCP can also help arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time. Your PCP must give you a referral to see a specialist. In some cases, your PCP will need to get prior authorization from Welborn Health Plans. Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

Welborn Health Plans' Cost Plan Members: Generally, you see your PCP first for most of your routine health care needs. If you don't, you will have to pay the Original Medical Plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance). However, there are a few types of covered services you can get on your own, without contacting your PCP first. For more information, see below and [Section 4](#).

Your PCP can also help arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment. In some cases, your PCP will also need to get prior authorization (prior approval) for certain covered services. If not, you will have to pay the Original Medicare Plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance). Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

How to change your PCP

You may change your PCP for any reason, at any time. To change your PCP, call Member Services at 812.426.6600 or 800.521.0265, 7 days a week from 8:00am - 8:00pm CST. For the hearing impaired, call Indiana Relay at 800.743.3333. When you call, Member Services will check that the PCP you wish to switch to is accepting new patients. Member Services will change your membership record to show the name of your new PCP, and will tell you when the change to your new PCP will take effect. They will also send you a new membership card that shows the name and phone number of your new PCP.

What if your doctor or provider leaves Welborn Health Plans?

Sometimes a doctor, specialist, clinic, or other plan provider you are using might leave the plan. If this happens, you will have to switch to another provider who is part of Welborn Health Plans. If your PCP leaves Welborn Health Plans, we will let you know, and help you switch to another PCP so that you can continue getting covered services.

Section 3 – Getting care from specialists

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage “Plus” Members: When your PCP thinks that you need specialized treatment, he or she will give you a “referral” (approval ahead of time) to see a plan specialist. A **specialist** is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologist, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, who treat certain bone, joint, or muscle conditions. For some types of referrals to plan specialists, your PCP may need to get approval ahead of time from Welborn Health Plans’ Health Services Department. This is called a “prior authorization.”

It is very important to get a referral from your PCP before you see a plan specialist. However, you don’t need to get a referral for certain services, see [Section 4](#). **If you don’t have a referral before you get services from a specialist, you may have to pay for these services yourself.** If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these follow-up visits were included.

Each Plan PCP has certain plan specialists they use for referrals. This means that **the Welborn Health Plans specialists you can use may depend on which person you chose to be your PCP.** If there are specific specialists you want to use, find out whether your PCP refers patients to these specialists. You can change your PCP at any time if you want to see a plan specialist that your current PCP does not refer to. If you want to change your PCP, see [Section 2](#). If there are specific hospitals you wish to use, find out whether the PCP or specialists you will be seeing uses these hospitals.

Welborn Health Plans’ Cost Plan Members: If your PCP thinks that you need to see a plan specialist, he or she will give you referral (approval ahead of time). A **specialist** is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologist, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, who treat certain bone, joint, or muscle conditions. For some types of referrals to plan specialists, your PCP may need to get approval ahead of time from Welborn Health Plans’ Health Services Department. This is called a “prior authorization.”

If you don’t have a referral before you get services from a specialist, you will have to pay more. You will have to pay the Original Medicare plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance). You won’t have to pay these out-of-pocket costs if you get a referral from your PCP before you see a plan specialist. However, there are certain times when you don’t need a referral (see [Section 4](#)). If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these follow-up visits were included.

Each Plan PCP has certain plan specialists they use for referrals. This means that **the Welborn Health Plans specialists you can use may depend on which person you chose to be your PCP**. If there are specific specialists you want to use, find out whether your PCP refers patients to these specialists. You can change your PCP at any time if you want to see a plan specialist that your current PCP does not refer to. If you want to change your PCP, see [Section 2](#). If there are specific hospitals you wish to use, find out whether the PCP or specialists you will be seeing uses these hospitals.

Remember, you can get care from non-plan providers without a referral. However, if you use non-plan providers for care that is not emergency care, including health care when you are stable (known as post-stabilization care), or urgently needed care, you will have to pay more. You will have to pay the Original Medicare Plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance).

Section 4– Self-referrals

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage “Plus” Members:

There are certain times when you may be able to get certain services without a referral from your PCP.

You will get most of your routine or basic care from you PCP. Your PCP can also coordinate your covered services. If you get services from any doctor, hospital, or other health care provider without getting a referral ahead of time from your PCP, you may have to pay for these services yourself. This also includes if you get these services from a provider in your plan.

In some cases, you can get the services listed below without a referral or approval ahead of time from your PCP. “**Self-referred**” means you get services on your own.

If you get self-referred services, you still have to pay a co-payment. However, if you get a self-referred service from a plan provider, you will only have to pay the in-network co-payment. If you go to a non-plan provider for these services, you will have to pay more.

The following services may be self-referred:

- Routine women’s health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams. This care is covered without a referral from your PCP *only* if you get it from a plan provider.
- Flu shots and pneumonia vaccinations (only if you get them from a plan provider).
- Emergency services, whether you get these services from plan providers or non-plan providers, see [Section 6](#). The emergency services including hospital care after you are stable (known as post-stabilization) are also covered.
- Urgently needed care that you get from non-plan providers when you are temporarily outside the plan’s service area. For more information about urgently needed care, see [Section 6](#). For more information about the plan’s service area, see [Section 1](#).
- Renal dialysis (kidney) services that you get when you are temporarily outside the plan’s service area. If possible, please let us know before you leave the service area to let us know where you are going to be so we can help arrange for you to have maintenance dialysis while outside the service area.

Welborn Helath Plans' Cost Plan Members: There are certain times when you may be able to get certain services without a referral from your PCP.

You will get most of your routine or basic care from you PCP. Your PCP can also coordinate your covered services. If you get services from any doctor, hospital, or other health care provider without getting a referral ahead of time from your PCP, you will have to pay more. You may have to pay the Original Medicare Plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance).

In some cases, you can get the services listed below without a referral or approval ahead of time from your PCP. When you obtain services on your own, we say that you have “**Self-referred**”.

If you get self-referred services, you still have to pay a co-payment. However, if you get a self-referred service from a plan provider, you will only have to pay the in-network co-payment. If you go to a non-plan provider for these services, you will have to pay more.

The following services may be self-referred:

- Routine women’s health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams. This care is covered without a referral from your PCP *only* if you get it from a plan provider.
- Flu shots and pneumonia vaccinations (only if you get them from a plan provider).
- Emergency services, whether you get these services from plan providers or non-plan providers, see Section 6. The emergency services including hospital care after you are stable (known as post-stabilization) are also covered.
- Urgently needed care that you get from non-plan providers when you are temporarily outside the plan’s service area. For more information about urgently needed care, see Section 6. For more information about the plan’s service area, see Section 1.

Renal dialysis (kidney) services that you get when you are temporarily outside the plan’s service area. If possible, please let us know before you leave the service area to let us know where you are going to be so we can help arrange for you to have maintenance dialysis while outside the service area.

Section 5 – What if you need medical care when your PCP’s office is closed?

What to do if you have a medical emergency or urgent need for care and your PCP’s office is closed

In an emergency, you can get care immediately. You do not have to contact your PCP or get prior authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For more information about emergency or urgent needed care, see Section 6.

What to do if it is not a medical emergency and your PCP’s office is closed

If you need to talk with your PCP or get medical care when the PCP office is closed, and it is *not* a medical emergency, call your PCP’s office as most offices will have a message with after hour instructions. For the hearing impaired, please call Indiana Relay at 800.743.3333.

For more information about what to do if you have an urgent need for care, see Section 6.

Section 6 – Getting care if you have a medical emergency or an urgent need for care

What is a medical emergency?

A situation is a “medical emergency” if **you reasonably believe that your health is in serious danger**. It means that every second counts. Some examples of “medical emergencies” are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

What should you do if you have a medical emergency?

If you have a medical Emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In any emergency, you never need to contact any plan provider, even your own PCP, for either permission (“authorization”) or referral.**
- However, as soon as possible, you or someone else should contact Welborn Health Plans about your emergency. Your PCP also needs to know about your emergency so they can possibly assist you with your follow-up care. Please try to contact Welborn Health Plans and your PCP about your emergency within 48 hours.

Your PCP will help manage and follow-up on your emergency care

It is important to know that every emergency has two stages.

When the doctors, or hospital, providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after you condition is stabilized, you are still considered in an emergency situation and Welborn Health Plans must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a plan provider or not). This second stage of the emergency, after your condition is stabilized is call “post-stabilization.”

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP and/or Welborn Health Plans. This helps the Welborn Health Plans and/or your PCP to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

Although you are past the emergency and post-stabilization, you may still need follow-up care. However, your plan is responsible for your follow-up care. Your plan will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use plan providers to get authorization, and/or referrals.

What is covered if you have a medical emergency?

- You can get covered emergency medical care whenever you need it, anywhere in the United States.
- Ambulance services are covered in situations where other means of transportation in the United States would endanger your health.

What if it wasn't really a medical emergency?

To have your plan pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – but the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the diagnostic treatment and care you received to determine what was wrong, provided that you thought your health was in serious danger, as explained in the section “What is a ‘medical emergency’” above. However, please note that:

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage “Plus” Members:

- If you get any extra care after the doctor says it was not a medical emergency, your plan will only pay for the extra covered care **if you got this care from a plan provider.**
- If you get any extra care from a *non-plan provider* after the doctor says it was not a medical emergency, your plan must still pay for it as “urgently needed care” even though you got this care “outside your service area.” Please read below how “urgently needed care” is defined.
- However, if you get any extra care from a non-plan provider that is not an emergency or “urgently needed care,” then you must pay for this care yourself. The plan won't pay for this type of care.

Welborn Health Plans' Cost Plan Members:

- If you get any extra care after the doctor says it was not a medical emergency, your plan will only pay for the extra covered care **if you got this care from a plan provider.**
- If you get any extra care from a *non-plan provider* after the doctor says it was not a medical emergency, your plan must still pay for it as “urgently needed care” even though you got this care “outside your service area.” Please read below how “urgently needed care” is defined.
- However, if you get any extra care from a non-plan provider that is not an emergency or “urgently needed care,” then you will have to pay the Original Medicare Plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance).

What is “urgently needed care”? (This is different from a medical emergency.)

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage “Plus” Members:

Urgently needed care refers to a non-emergency situation where you are temporarily absent from the Plan's authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn't reasonable given the situation for you to obtain medical care through Welborn Health Plans participating provider network. **Note:** Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

Welborn Health Plans' Cost Plan Members:

Urgently needed care refers to a non-emergency situation where you are temporarily absent from the Plan's authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn't reasonable given the situation for you to obtain medical care through Welborn Health Plans participating provider network. **Note:** Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

What is the difference between a “medical emergency” and “urgently needed care”?

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

Getting care that you need urgently when you are in the plan's service area

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage "Plus" Members:

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan's service area, please call your PCP. If you need to talk with your PCP or get medical care when the PCP office is closed, and it is **not** a medical emergency, call your PCP's office as most offices will have a message with after hour instructions. For the hearing impaired, please call Indiana Relay at 800.743.3333. There will always be a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan's service area, you should get this care from plan providers. In most cases, we will not pay for urgently needed care that you get from a non-plan provider while you are in the plan's service area.

Getting care that you need urgently when you are outside the plan's service area

Welborn HMO Senior Advantage or Welborn HMO Senior Advantage "Plus" Members:

Welborn Health Plans covers urgently needed care that you get from non-plan providers when you are outside the plan's service area. If you need urgent care while you are outside the plan's service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the plan's service area as long as the care you are getting still meets the "urgently needed care" definition.

We also cover renal dialysis (kidney) services that you get when you are outside the plan's service area.

Welborn Health Plans' Cost Plan Members:

Welborn Health Plans covers urgently needed care that you get from non-plan providers when you are outside the plan's service area. If you need urgent care while you are outside the plan's service area, you should call your PCP, if possible. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the plan's service area as long as the care you are getting still meets the "urgently needed care" definition.

We also cover renal dialysis (kidney) services that you get when you are outside the plan's service area.

For more detailed information about Welborn Health Plans' provider coverage, please review the Evidence of Coverage.

If you have questions about Welborn Health Plans, please call our Member Services Department at 812.426.6600 or 800.521.0265, 7 days a week from 8:00am – 8:00pm CST. For the hearing impaired, please call Indiana Relay at 800-743-3333. You may also visit us at www.welbornhealthplans.com.

WELBORN HEALTH PLANS

PARTICIPATING PRIMARY CARE PHYSICIANS

WHP provides high quality of care by matching patient needs and expectations with provider capacity. The availability of the following physicians accepting new patients may change from time to time, based on an individual physician's capacity at the time you enroll. The Provider Number located behind the provider's name is an assigned identification number for WHP to track the PCP and is used to systematically process claims, add referrals and authorizations, contract with other providers and maintain provider information.

**For assistance or to verify the status of a provider, please phone Member Services at
812.426.6600 or **800.521.0265** (option 1). You may also visit our website at

WELBORN HEALTH PLANS PARTICIPATING SPECIALISTS

~ SPECIALISTS ~

Visits to medical specialists listed below require a referral from your PCP. Please note that your PCP may have established referral patterns with certain participating specialists in the WHP network, therefore, your PCP may direct your care to the appropriate specialist as necessary. All specialty referrals require approval from WHP and your PCP. If your PCP and WHP determine that you require specialty care not available through WHP participating specialists, WHP will arrange for you to be referred to an appropriate specialist outside the WHP network of providers.

This booklet provides a list of Welborn Health Plans' network pharmacies. This directory is for Indiana, Illinois and Kentucky. We also list pharmacies that are in our network but are outside of Indiana, Illinois and Kentucky. All network pharmacies may not be listed in this directory. Please contact Welborn Health Plans at our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333. Pharmacies may have been added or removed from the list after this directory was printed. To get current information about Welborn Health Plans' network pharmacies in your area, please visit our Web site at www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333.

Introduction

This booklet provides a list of Welborn Health Plans' network pharmacies and includes some basic information about how to fill your prescriptions with Welborn Health Plans. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by Welborn Health Plans. In most cases, your prescriptions are covered under Welborn Health Plans only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription, you can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described later.

Can the list of network pharmacies change?

Yes, Welborn Health Plans may add or remove pharmacies from our pharmacy directory. To get current information about Welborn Health Plans network pharmacies in your area, please visit our Web site at www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333.

How do I find Welborn Health Plans network pharmacy in my area?

Pharmacies are listed by state, and then alphabetically by the pharmacy name, and then alphabetically by the city or town which they are in. You can also visit our web site at www.welbornhealthplans.com or call our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333.

How do I fill a prescription at a network pharmacy?

To fill your prescription at a network pharmacy, you must show your Welborn Health Plans' Member ID card. If you do not have your ID card with you when you fill your prescription, you may have to pay the full cost of the prescription (rather than paying just your co-payment). If this happens, you can ask us to reimburse you for our share of the cost by submitting a claim to us. To find out how to submit a claim, look in your Evidence of Coverage or call our Member Services Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333.

How do I fill a prescription through Welborn Health Plans' mail order pharmacy service?

To get order forms and information about filling your prescriptions by mail, ask your doctor to write a prescription for a 90-day supply with up to three refills, as clinically appropriate. If you need your medication immediately, ask your doctor for a second prescription for a short-term supply to be filled at a participating retail pharmacy. Please note that you must use the CareMark mail order service. Prescription drugs that you get through any other mail order service are not covered.

Once you receive your prescription from your doctor, do one of the following:

- Send your prescription for a 90-day supply along with a completed mail service order for available at www.welbornhealthplans.com, to the address on the form, or
- Call Member Services at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333. Request mail service by providing your ID number, the name of the prescription drug and your doctor's name and phone number.
- You can provide payment information when you place your order or an invoice will be included with the prescription when it is delivered. Caremark accepts Visa, MasterCard, Discover, or American Express. Also, you may pay by check or money order. Do not send cash

You can expect your medicine to arrive approximately 10 to 14 calendar days after Caremark receives your order. Standard shipping is available at no charge. You will receive a new mail service order for and envelope with each shipment.

You are not required to use mail order prescription drug services to obtain an extended supply of maintenance or mail order medications. Instead, you have the option of using a retail pharmacy in our network to obtain a supply of maintenance medications. Some retail pharmacies may agree to accept the mail order reimbursement rate for an extended supply of medications for up to 90 days per dispensing, which may result in no out-of-pocket payment difference to you. Other retail pharmacies may not agree to accept the mail order reimbursement rate for an extended supply of medication. In this case, you will be responsible for the difference in price. Please look in the pharmacy directory below for retail pharmacies in our network at which you can obtain an extended supply of maintenance medications or call our Member Service Department at 812.426.6600 or 800.521.0265. For those hearing impaired, please call Indiana Relay at 800.743.3333 for more information.

When you order prescription drugs through our network mail order pharmacy service, you must order a 90-day supply of the drug. Generally, it takes us 10 days to process your order and ship it to you. However, sometimes your mail order may be delayed. Note: If your mail order is delayed, please contact Welborn Health Plans Member Services or the Pharmacy Customer Care Help Desk at the phone number located on your Member ID card in order for us to assist you.

WELBORN HEALTH PLANS PHARMACY DIRECTORY

Filling prescriptions outside the network

Generally, we only cover drugs filled at an out-of-network pharmacy in limited, non-routine circumstances when a network pharmacy is not available. Below are some circumstances when we would cover prescriptions filled at an out-of-network pharmacy. **Before you fill your prescription in these situations, call Member Services to see if there is a network pharmacy in your area where you can fill your prescription.** If you do go to an out-of-network pharmacy for the reasons listed below, you may have to pay the full cost (rather than paying just your co-payment) when you fill your prescription. You can ask us to reimburse you for our share of the cost by submitting a claim form. However, even after we reimburse you for our share of the cost, you may pay more for a drug purchased at an out-of-network pharmacy because the out-of-network pharmacy's price is higher than what a network pharmacy would have charged. You should submit a claim to us if you fill a prescription at an out-of-network pharmacy as any amount you pay, consistent with the circumstances listed above, will help you qualify for catastrophic coverage. To learn how to submit a paper claim, please refer to the paper claims process described next.

The SilverScript pharmacy network has pharmacies in all 50 states. When traveling outside the service area, members should contact 1-888-816-7981 (TDD/TTY 866-236-1069) to find the nearest participating pharmacy. In the unlikely event that a participating pharmacy is not within 30 miles of the member's location, the member may use any pharmacy and submit their receipts to Welborn Health Plans for reimbursement. Pharmacies outside the United States or its overseas possessions may not be used.

Only 30 days supply of medication or supplies may be dispensed by a non-participating pharmacy.

In the event of travel requiring more than 30 days outside the service area, the member should contact the above customer care numbers to obtain an override.

How do I submit a paper claim?

When you go to a network pharmacy, your claim is automatically submitted to us by the pharmacy. However, if you go to an out-of-network pharmacy for one of the reasons listed above, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription.

When you fill a prescription for a covered drug at a network pharmacy you only pay your co-payment portion and your claim is automatically submitted to us by the pharmacy. If you go to an out-of-network pharmacy you will need to pay the full cost for your prescription. They do not submit a claim to us. To receive reimbursement for your costs that would normally be covered, and for us to have record of this purchase, you will need to submit a claim. You must mail us the completed claim form, along with the receipt for your covered prescription drug, and mail it to:

SilverScript

Medicare Park D Paper Claim

P.O. Box 52066

Phoenix, AZ 85072-2066

We will review the claim form and make an initial coverage determination. Your claim will be processed according to your benefit coverage and you will be notified of the outcome. For more information on initial coverage determinations, limits and financial responsibilities, please refer to your Evidence of Coverage.

Welborn Health Plans Retail Pharmacies Offering Extended Supplies of Medications

You are not required to use mail order prescription drug services to obtain an extended supply of maintenance / mail order medications. Instead, you have the option of obtaining an extended supply of maintenance / mail order medications at some retail pharmacies in our network. Some of these retail pharmacies offering extended supplies of maintenance/ mail order medications may agree to accept the mail order reimbursement rate for an extended supply of medications, which may result in no out-of-pocket payment difference to you. Other retail pharmacies offering extended supplies of maintenance / mail order medications may not agree to accept the mail order reimbursement rate for an extended supply of medications. In this case, you will be responsible for the difference in price. In the pharmacy directory below, you will find listed those retail pharmacies in our network that offer extended supplies of maintenance medications.
